## GET TO KNOW ME

Senior Software Developer with 6+ years of experience building enterprise solutions across banking, aviation, healthcare, government, and education. Specialised in OutSystems with expert-level certifications, and experienced in SSO integrations (Azure AD, Okta), real-time systems (Firebase), and domain-driven architecture. Just completed an MSc in Managing Information Systems. I thrive in cross-functional teams, adapt quickly across industries, and bring a transparent, solution-focused mindset to every project.
